

De IJSMANNETJES

Happy employees are important for the success of your organization. They always appreciate an occasional surprise. And in the summer there is nothing more fun than being surprised with a delicious ice cream.

De IJsmannetjes specialize in company treats and school treats, whether it concerns 1 ice cream bike for a company party with 30 employees, or 4 ice cream bikes that provide 2000 employees with an ice cream within 2 hours.

Our ice cream is traditionally prepared by our local ice cream maker. With fresh cow's milk from the area, supplemented with pure ingredients from nature.

All our ice cream is gluten-free and the sorbet ice creams are also lactose-free.

Choose from our 4 very different ice cream bikes and wagons. We can also provide our ice cream bikes with temporary stickers of your choice, e.g. with your company logo.

Or rent our table model ice cream display case for one or more days and your employees can make their own ice cream all day long. We supply it complete with ice cream, cones, containers and all accessories.

"..delicious ice cream, especially the yoghurt ice cream was very tasty."

".. Their old ice cream bike reminded me of the ice cream man who used to cycle down our street.."

".. Our employees loved it"

".. Bjorn went for ice cream three times"

".. It was excellently organised. The ice cream bike visited all departments so that we had as few work interruptions as possible."

We always provide delicious ice cream, a friendly ice cream man and an ice cream bike that attracts everyone's interest.

Request a quote without obligation and you will receive it within 24 hours.

Advice

Combine your request with a company in your area. Then you can save considerably.
